

# HURST

BOILER & WELDING CO., INC.

**PURPOSE DESIGNED**  
Custom Integrated Energy Solutions

## **HURST** SKID PACKAGE BOILER SYSTEMS

*"Fully modular, skid-mounted units...Both single and multi-boiler, designed for "single lift" installation*

**Each package system is compact,  
easily transported and quickly  
Installed**

Hurst Boiler offers premium customized boiler skid packages for all types of steam and hot water boiler applications

**HURST PERFORMANCE SERIES BOILERS**

# HURST

Purpose designed skid packages incorporate Hurst Performance Series boiler(s) with compatible "Factory Matched" auxiliary equipment minimizing over all footprint and shipping expense. In addition there will be a huge time and cost savings during installation phase.

*Our boiler systems are custom designed and engineered for each customer's specific needs by providing packaged modules that are factory attached to steel skids, pre-piped and wired, all interconnections including:*

Condensate  
**FEEDWATER TANK / PUMPS**

**WATER SOFTENER**

**WATER TREATMENT**

**BOILER BLOWDOWN**

**Single point field connections for fuel,  
electrical, drain and steam supply**

Each package system is compact, easily transported and quickly installed. The system can be supplied from our standard range or specially built to the customers' requirement. Fully automatic control can be included as well as monitoring devices, feedwater conditioning and all the necessary fittings, pipe work and electrical wiring.
